

Welcome back to school lunch!

What's new this year?

All food at HES, WIS and WMS will need to be pre-ordered using the Nutrislice online ordering system.

WIS and WMS will have one line open in the cafeteria. This line will offer a la carte, snacks and beverages. The lines will be limited as to how many will be allowed to be served at a time. We ask that you please continue to pre-order your food and not rely on these lines at lunch time, again they will be limited.

Be well and stay safe!
